Print Documents, Photos and Webpages

1. Install the PrinterOn App from your device's app store
2. Open the PrinterOn App
3. Click No Printer Selected
4. Click the search icon
5. Search for Daly City, you will see listings for all three
6. Click the printer you wish to use

To print a document (Android and iOS 8+):

Open the app, click on "document" and select the document to print. Or when viewing the document, in Android click the print icon in the upper right corner and upload the document to the PrinterOn App.

To print a document (iOS):

When viewing select documents, if you have the option to "open in" you should find PrinterOn as one of the options to open in, and you can then print from the app.

To print a photo from your phone:

Open the app, click on "photo" and select a photo to print.

To print from the web:

Open the app, click "web" and enter the URL of the page you wish to print. Click the print button in the lower right corner, enter an email address and click the check mark to print.

How to pick up your job

Print from laptop or home desktop

Step 1: Visit <http://www.printeron.net/dcl/bayshore>

The screenshot shows three panels in a row, each with a dark green header and a light gray body. The first panel, titled "Printer", has a printer icon and radio buttons for "Black and White" (selected) and "Color". Below are a "Details" button and pricing: "B/W: \$0.15/pg" and "Color: \$0.40/pg". The second panel, titled "User Info", has a person icon, an "Email address:" label, and an empty text input field. Below is explanatory text: "Your email address is used to uniquely identify your print jobs." and "Use your email address to pickup your document at the library print release station." The third panel, titled "Select Document", has a document icon, a "File or URL:" label, an empty text input field, and a "Browse..." button. Below is the text: "Browse your computer files to select the document you wish to print."
