COMMUNITY ECONOMIC PROFILE

For
Daly City
 January 2008

Department of Economic & Community Development

LOCATION: Known as the “Gateway to the Peninsula”, Daly City is central to major growth areas of San Francisco and San Mateo counties and features excellent transportation infrastructure linking San Francisco’s financial district (eight miles north), the San Francisco International Airport (nine miles southeast and 15 minutes via BART) and Silicon Valley further south. Daly City is also directly linked to the East and South Bay Area. The Oakland International Airport is located 20 miles to the east.

Because of its central location, excellent transportation links and growing young and productive labor force, Daly City has become a regional hub for retail, healthcare and business development.

POPULATION: Daly City has experienced a significant increase in population over the last four decades, and, according to the California Dept. of Finance, has realized an increase of 1.2% growth in population over the past six years compared to 2.4% for the county. Population estimates as of 1/01/06 are 724,104 for San Mateo County and 104,820 for Daly City (next update pending).

Daly City is the largest city in San Mateo County and, according to the Association of Bay Area Governments (ABAG), is expected to retain this position through at least 2030. During this time, ABAG estimates that Daly City will be in the upper 50% of the largest growth cities in the county. *Source: ABAG, Projections 2007-next update in 2009.*

ECONOMIC GROWTH & TRENDS:

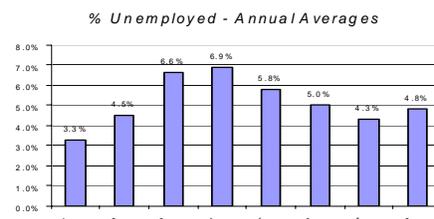

Five-year history of taxable sales and labor force for Daly City and San Mateo County:

Taxable Sales (in thousands of dollars) – Source: State Board of Equalization						
	2002	2003	2004	2005	2006 (most current)	Average % Change/Yr.
County Sales:	\$11,614,809	\$11,358,439	\$11,808,074	\$12,451,350	\$12,900,391	2.7%
Daly City Sales:	\$718,448	\$733,154	\$751,322	\$785,226	\$859,944	4.6%
Labor Force- Annual Average Reporting – Source: CA EDD –Labor Market Information Division						
	2003	2004	2005	2006	2007	Average % Change/Yr.
County Labor Force	369,900	364,500	363,800	364,200	379,446	0.64%
Daly City Labor Force	52,600	51,700	51,600	51,580	54,100	0.71%

Daly City has among the strongest retail sales of all cities in the county with average annual growth 4.6% compared to a 2.7% for the county. This clearly demonstrates a strong retail market in Daly City. Due to the past economic downturn, both the County and Daly City suffered a retraction in labor force from 2003-2006. However, the changes in the last two years appear to be leveling in both areas, which indicate some improvement in the retail sector. Daly City also has a competitive labor force with 78% of the City’s population over the age of eighteen, only 12% of the population retired and a median age of 35.

EMPLOYMENT:

Preliminary numbers for 2007 show an increase in Daly City's unemployment rate. This is up slightly from last year but still lower than 2002-2006. Daly City's current unemployment is 4.8% compared to 3.8% for San Mateo County and 5.4% for the state (annual averages). *Source: CA EDD.*

REAL ESTATE MARKET (SPRING 2008):

The San Mateo County commercial real estate market has improved significantly, and Daly City's office market has remained strong with a year-end vacancy rate of 6.4%, compared to nearly 12.6% countywide. Daly City's full-service, Class A asking rents increased modestly from \$2.49 to \$2.79 in the last year, compared to a nearly equal increase countywide. Annual net absorption for the county continued a positive trend and new construction is occurring throughout the area. In late 2007, Daly City's retail market saw a modest increase in space available, with vacancy increasing to an estimated 2.4%. Some weakness in the North San Mateo County market is indicated by space recently vacated at Tanforan Mall in San Bruno, and in Daly City along Mission Street. However there is still some growth from retailers such as Fresh and Easy which is actively seeking space.

Office Vacancy:*	Ending 2007	2006	2005	2004	2003
San Mateo County	12.6%	14.7%	18.0%	21.9%	25.7%
