# COMMUNITY ECONOMIC PROFILE FOR DALY CITY

April 2009

**LOCATION:** Known as the “Gateway to the Peninsula”, Daly City is central to major growth areas of San Francisco and San Mateo counties and features excellent transportation infrastructure linking San Francisco’s financial district (eight miles north), the San Francisco International Airport (nine miles southeast and 15 minutes via BART) and Silicon Valley further south. Daly City is also directly linked to the East and South Bay Area. The Oakland International Airport is located 20 miles to the east.

Because of its central location, excellent transportation links and growing young and productive labor force, Daly City has become a regional hub for retail, healthcare and business development.

**POPULATION:** Daly City has experienced a significant increase in population over the last four decades, and, according to the California Dept. of Finance, has realized an increase of 1.2% growth in population over the past six years compared to 2.4% for the county. Population estimates as of 1/01/08 are 739,469 for San Mateo County and 106,361 for Daly City.

Daly City is the largest city in San Mateo County and, according to the Association of Bay Area Governments (ABAG), is expected to retain this position through at least 2030. During this time, ABAG estimates that Daly City will be in the upper 50% of the largest growth cities in the county. *Source: ABAG, Projections 2007-next update in 2009.*

## ECONOMIC GROWTH & TRENDS:

Five-year history of taxable sales and labor force for Daly City and San Mateo County:

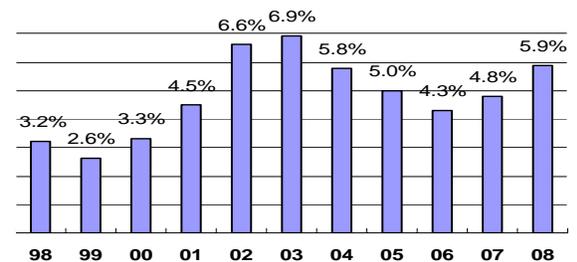

<b>Taxable Sales</b> (in thousands of dollars) – Source: State Board of Equalization						
	2003	2004	2005	2006	2007	Average % Change/Yr.
County Sales:	\$11,358,439	\$11,808,074	\$12,451,350	\$12,900,391	13,326,306	3.9%
Daly City Sales:	\$733,154	\$751,322	\$785,226	\$859,944	\$907,125	5.2%
<b>Labor Force</b> - Annual Average Reporting – Source: CA EDD –Labor Market Information Division						
	2004	2005	2006	2007	2008	2007/08 Change/Yr.
County Labor Force	364,500	363,800	364,200	379,446	384,400	2.3%
Daly City Labor Force	51,700	51,600	51,580	54,100	54,900	1.5%

As of 4/1/09, 2008 data has not been made available by the State Board of Equalization to reflect the national and local economic downturn. Through 2007, however, Daly City was among the strongest in retail sales of all cities in the county with average annual growth 5.2% compared to a 3.9% for the county. This clearly demonstrates a strong retail market in Daly City.

During 2006-2007, Daly City saw improvement in the retail sector, particularly with addition of new jobs at Westlake Shopping Center, Pacific Plaza and City Toyota. However, during 2008-09, several large retailers--Mervyn’s and Circuit City--closed their doors. Nonetheless, Daly City has a competitive labor force with 78% of the City’s population over the age of eighteen, only 12% of the population retired and a median age of 35.

**EMPLOYMENT:**

Mirroring national and local trends, Daly City's unemployment rate has modestly increased from 4.8% at the end of 2007, to 5.9% at the end of 2008. The County unemployment rate increased from 3.8% to 4.7% during the same period. *Source: CA EDD.*

**REAL ESTATE MARKET (SPRING 2009):**

Through spring 2008, the San Mateo County commercial real estate market had improved significantly from the "dot.com" bust of 2001, and Daly City's office market has remained strong with a year-end vacancy rate of 6.4%, compared to nearly 12.6% countywide. However, with the economic downturn and volatility in the international capital markets, growth has tempered. Throughout San Mateo County, demand for Class A office space weakened. Daly City's full-service, Class A asking rents decreased modestly from \$2.79 to \$2.41 in the last year, compared to a nearly equal decrease countywide. Nonetheless, Daly City's Class A vacancy rate declined. DeVry University lease at Pacific Plaza played a major role in the vacancy rate improvement. During 2007-08, Daly City's retail market saw a modest increase in space available. The 2.8% vacancy rate cited below does not reflect more recent 2009 closures of Mervyn's and Circuit City. Owners of Mervyns and Circuit City report interest by potential replacement tenants.

Office Vacancy:*	Ending 2008	2007	2006	2005	2004
San Mateo County	16.4%	12.6%	14.7%	18.0%	21.9%
