

I am running for re-election to Daly City Council. I am currently your Vice Mayor and was elected in 2016. As a Daly City native, I attended Woodrow Wilson Elementary School, Ben Franklin Intermediate and Jefferson High School and attained my Masters of Public Administration in the School of Public Affairs and Civic Engagement from San Francisco State University. I've lived here for 32 years and grateful to raise my son Ethyn with my husband in our special city.

My priorities remain in creating economic opportunities, while maintaining cultural and diverse neighborhoods. I have created more Affordable Housing, upheld Public Safety, and invested in Senior programming and Youth Development

My track record of accomplishments are: Minimum Wage Increase, Saving Seton Hospital, Creation of Small Business Commission, Improvement of Open Space and Parks, Project Green Space for the Environment and Love Not Hate Initiative.

There is more work ahead, especially in these economic times in a pandemic. We need strong steady leadership. I will keep you safe and make sure our economy doesn't falter. You can count on me to guide our community out of crisis, through pragmatic and compassionate policies.

Endorsements: Supervisor David Canepa, Senator Scott Wiener, Assemblymember Phil Ting, Mayor Glenn Sylvester, former Mayor Ray Buenaventura and Councilmember Rod Daus-Magbual

I would be humbled to receive your vote.
