

Gabriella Makstman:

Occupation: Finance Director/Businesswoman/Mother/Activist

My Priorities: Economic Growth, Fiscal Responsibility, Public Safety, Job Creation, Libraries, Youth/Seniors Programs, Resident's Health.

I'll use my business and financial skills to attract more businesses and jobs to Daly City. Daly City residents deserve to benefit from our Bay Area technology boom. I'm committed to making Daly City a center for innovation, business growth and culture.

Daly City spends more than it collects. Continued overspending causes bankruptcy, reduced city services, higher taxes and job loss. I'm the fiscally responsible candidate. I'll balance the budget. I'll guard our limited tax dollars and use them wisely.

I'll protect and restore library hours and work to improve programs for youth and senior residents. I support public safety and fully staffed fire and police.

I look forward to working the Daly City Councilmembers, solving fiscal problems. I appreciate this opportunity to give back to my community. It will be an honor to serve as your Daly City Councilmember.

About me:

I have 15 years' experience developing and managing the budget for large Bay Area companies, including Gap and Williams-Sonoma. I eliminated financial mismanagement and increased accountability.

I serve on Daly City Bicycle/Pedestrian Safety Committee, Jefferson Union High School District Bond Oversight Committee and was former Village Serramonte Homeowners' Association President.

My endorsements include Daly City Councilmember Mike Guingona, former Daly City Councilmember Madolyn Agrimonti, Planning Commissioner Ray Satorre, Planning Commissioner Charles Tallerico, San Mateo County Harbor Commissioner Robert Bernardo.
