

Dana Claire Smith

Museum Director, small businesswoman, environmentalist, animal advocate, community activist

I offer straight talk, political reform, fiscal responsibility, and thoughtful governance.

I have spoken out at City Council meetings more than 60 times to protect our community. I protested recent pay raises for top Daly City executives. I fought against Daly City forcing us to pay for permits to park in front of our own homes. I led the battle to protect us from forced home inspections and costly upgrades before we can sell our homes. I am the only candidate with a long history protecting our rights and the courage to be your voice at City Hall.

Our community priority must be to fully staff police and fire and restore library hours. I will work to protect Daly City from financial ruin and create term limits for City Council.

I grew up in a working-class, union family and put myself through college to earn a political science degree from UC Berkeley and a recent Master's Degree from San Francisco State University. I helped create our local history museum. I've served on the Daly City Planning Commission and San Mateo County Commission on the Status of Women.

I've spent my career working for social justice and environmental causes, most recently in an elder abuse prevention program.

Now I'm working hard to elect Hilary Clinton President.

Vote Dana Claire Smith.
