

Name: Gabriella Makstman

Occupation: Financial Planning & Analysis Manager

I have lived in Daly City my entire adult life, and I want to give back to our community. As an immigrant, I understand the unique needs of the multicultural and diverse population of Daly City. I am also a mother of two girls and I want them to grow up in a thriving community. Yet, our city is not reaping the benefits of the growth that exists in the Bay Area. The current council is voting to close fire stations and outsource dispatchers, while decreasing new business ventures and revenue growth in our city. We are being left behind.

If elected, I will fight to make sure that our community and our residents are not left behind. I will work tirelessly to support the needs of the residents, protect people who make this city work, and attract new businesses to our community. I want to help make Daly City a hub for innovation, business growth, and culture. I will bring over a decade of Financial Planning and Analysis experience to strengthen financial discipline in the budget planning process and ensure our community funds support the safety and prosperity of our residents.
