

Glenn Sylvester

Occupation: Daly City Planning Commissioner, Sgt/Inspector of Police Officer (retired)

I am a committed public servant. I have been a dedicated active member the last forty years servicing the community through my past duties as a peace officer of a large city, and my current responsibilities as Daly City Planning Commissioner and former Chair.

The last three decades, my wife and I, have proudly called Daly City our home, where all four children have attended Daly City's public schools.

I bring experiences in safety and policy making. As a lengthy active member in our City, I have a unique understanding of the issues that affect our community and how to best approach them.

A recent budget deficit of over \$6M dollars brought about cuts in many areas especially, Public Safety.

I believe in:

A realistic approach to a sustainable budget without compromising Public Safety.

Economic Development with diversity, with use of state, federal and other creative resource funds to revitalize economic growth, jobs, and housing for our City.

Affordable Housing for all individuals and families.

Programs for our children, youth, and seniors.

Protecting the environment.

Daly City is a remarkable place to live. I am ready to work and humbly request your vote
