

Go Green!

Learn how to improve your bottom line,
and earn a certificate while
volunteering back to your community.

The County of San Mateo RecycleWorks Volunteer Academy Program

Participants attending either of the courses will be asked to complete volunteer hours or an action project for their own business, apartment building, or community building

Energy Efficiency Practices

This course will cover the energy "grid", how energy is regulated in California, how energy is used in a building and the basics of conducting an energy audit. You will also learn about rebates and financing options available in San Mateo County.

DATES

June 13th and 20th
You must attend both sessions

WHEN

Saturdays
10:30 am - 12:30 pm

WHERE

Half Moon Bay

Principles of Waste Reduction and Recycling

Learn how to start or enhance a waste reduction program at your business, school, apartment complex, or other community building. This course will focus on the waste side of your business. Topics include: how to perform a waste audit and estimate cost savings.

DATES

June 11th and 18th
You must attend both sessions

WHEN

Thursdays
6:00 pm - 9:00 pm

WHERE

San Carlos

You can sign up online for these two courses by visiting our website at www.RecycleWorks.org

If you need additional information contact the Program Coordinator, at RecycleWorks@smcgov.org or 650-599-1412.

You must be 14 years or older to attend.
