FOR IMMEDIATE RELEASE:

San Mateo County Mosquito and Vector Control District to Hold Public Information Session

Burlingame, CA – October 15, 2014 – On Monday, October 27th, San Mateo County Mosquito and Vector Control District will hold a public information session on the threat of West Nile Virus in San Mateo County and the steps being taken to protect residents' health.

The public information session will be held at 7pm in the San Mateo City Council Chambers at 332 West 20th Avenue in San Mateo, California.

The event is free and open to the public. Speakers include assistant manager Brian Weber from San Mateo County Mosquito and Vector Control District, vector-borne disease specialist Dr. Scott Smith from Stanford School of Medicine, and a representative from Central Life Sciences, the company that supplies many of the mosquito control products used in the US.

For more information, contact San Mateo County Mosquito and Vector Control District at (650) 344-8592 or visit us on the web at www.smcmad.org.
