Notable Cases

On Monday, 04-20-15 at 12:30 p.m., Officer Dave Farrar and Officer Jerel Tualualelei were dispatched to the 300 block of **El Dorado Drive** on a report of a vehicle burglary that had just occurred. Dispatchers then advised that the suspect may be at the Seton Hospital emergency room. The officers arrived at Seton Hospital and located the subject. During the course of the investigation, the officers discovered there were two subjects involved. The first subject, a 21-year old Daly City resident, was arrested auto burglary, conspiracy to commit a crime, receiving stolen property and for a \$30,000 bench warrant from San Francisco. The second subject, a 34-year old San Francisco resident, was arrested for auto burglary, conspiracy to commit a crime, receiving stolen property, possession of burglary tools and hypodermic needles.

On Wednesday, 04-22-15 at 11:01 p.m., Officer Joshua Moala conducted a traffic stop on a vehicle for a license plate violation at the intersection of **Vista Grande Avenue** and **Mission Street**. Officer Moala noticed the driver was nervous and asked the driver if he had a driver's license. Dispatchers advised the officer that the vehicle had just been stolen. The officer asked the subject if he knew who the vehicle belonged to, and the subject said it was his friend's vehicle, but he was unable to provide the officer with a name. The key in the ignition was a “shaved” key, commonly used to gain access to vehicles. The subject, a 28-year old Daly City resident, was arrested for vehicle theft, possession of a stolen vehicle, committing a felony while out on bail and for possession of a master key.

On Thursday, 04-23-15 at 9:16 p.m., Officer Phillip Wagnon was dispatched to the Public Storage facility on **King Drive** on a report of a subject who was on the property after hours. The manager was concerned as there have been several commercial burglaries of storage lockers in the past. Officer Wagnon, along with other officers, contacted a subject near an open storage locker and

advised him they received a report of a subject who was on the premises after hours. Officer Wagnon asked the subject if he had anything illegal on him, and the subject advised he had a knife in his front pocket. The officer found a knife, as well as a small clear baggie with a white substance inside a cigarette box in the subject's front sweatshirt pocket. The officer asked the subject if he had anything else illegal on his person, and he said he did not. The officer then located in the subject's pants pocket a glass pipe commonly used to smoke methamphetamine. Officer Wagnon issued a citation to the 37-year old Daly City resident for possession of a controlled substance and possession of drug paraphernalia.

On Saturday, 04-25-15, at 2:22 a.m., Officer Ben Wagnon conducted a traffic stop on an occupied suspicious vehicle on **Warwick Street** near **Gellert Boulevard**—a neighborhood that has recently experienced an increase in vehicle burglaries and stolen vehicles. The subject in the vehicle told the officer he had been helping his wife move earlier in Pacifica and had stopped on the way home to rest. The subject didn't know anyone who lived in the neighborhood and could not explain how he ended up in the neighborhood. While the officer was speaking with the subject, the officer noticed the subject showed objective signs of being under the influence of a stimulant. The subject also started to act nervous and reached for items near a backpack on the passenger seat. The officer asked the subject to step out of the vehicle and then asked him when he last used methamphetamine. The subject admitted to smoking it the day before. The officer asked the subject if he had anything illegal on his person or inside the vehicle, and the subject hesitated and replied, "No". The officer asked the subject if he was sure, and he admitted that he had a methamphetamine pipe inside the vehicle. Officer Jaime Bermudez arrived to assist Officer Wagnon, and they searched the subject's vehicle. Officer Wagnon found a handgun tactical light in the driver's side door pouch. Based on finding this, the officer believed it was likely that a handgun would be located inside the vehicle. When the subject saw the officer holding the tactical handgun light, the subject admitted to having two guns in a backpack on the passenger seat. The officer asked the subject if they were loaded, and he said "yes". In addition to the loaded handguns, the officer found nine loaded magazines, a handgun silencer, methamphetamine, and a glass pipe used to smoke methamphetamine. Officers arrested the 32-year old Daly City resident for possessing a silencer, possessing two loaded concealed handguns, possessing three loaded high capacity handgun magazines, being under the influence of a controlled substance while possessing a firearm, possessing a controlled substance and possessing narcotic/controlled substance paraphernalia.

On Saturday, 04-25-15 at 7:50 p.m., Sergeant Mike Brennan and Officer Noah Serbin were dispatched to the **In N Out** parking lot on a report of a subject parked in the disabled parking spot smoking an unknown substance on foil and inhaling the smoke through a tube. Officers asked the subject to exit the vehicle, and the subject told the officers he was smoking "Oxy" (a term used to describe Oxycontin or Oxycodone). The officers asked the subject if they could search his vehicle, and the subject complied. Officers found a disabled placard not belonging to the subject hanging from the rear view mirror and a canister of pepper spray in the driver's side door pocket. The subject admitted to having a previous conviction in San Francisco for possession of firearms. Officers arrested the 25-year old San Francisco resident for being in possession of tear gas with a prior felony conviction and for use of a disabled placard not registered to him.

Nextdoor.com

This is a free private social network for you, your neighbors and your community which allows you to talk to your neighbors on line. This, in turn, People use Nextdoor for many reasons: to quickly get the word out about crimes in the area, organize a Neighborhood Watch Group, track down a trustworthy babysitter, find referrals for businesses, looking for lost pets, finding new homes for unwanted items (furniture, bicycles, etc.), and many other reasons. It is very easy to sign up, and I like the fact that the site verifies users by addresses, and it won't allow people to access to a neighborhood if they don't actually live there. There is a mobile application, or you can have it sent to your email. Give it a try! www.nextdoor.com
