Nextdoor.com

This is a free private social network for you, your neighbors and your community which allows you to talk to your neighbors on line. This, in turn, People use Nextdoor for many reasons: to quickly get the word out about crimes in the area, organize a Neighborhood Watch Group, track down a trustworthy babysitter, find referrals for businesses, looking for lost pets, finding new homes for unwanted items (furniture, bicycles, etc.), and many other reasons. It is very easy to sign up, and I like the fact that the site verifies users by addresses, and it won’t allow people to access to a neighborhood if they don’t

actually live there. There is a mobile application, or you can have it sent to your email. Give it a try!
