Scams/Other

“Let it Go” (App)

On Friday, 11-23-18 a 30-year old Daly City resident was looking at the “Let it Go” app and found a Play Station 4 game console for sale for \$200. The reporting party and the seller agreed upon \$175 and stated the seller told him to use a “cash” app to send her the \$175, and she would deliver the game console. The report said he sent the \$175 and contacted the seller to arrange a place to pick up the game console and discovered the seller blocked his account. The reporting party said he made up a fake account and located the same ad in the “Let it Go” app. He contacted the seller and asked if the game console was still available. The seller advised it was for sale, and the reporting party asked why she was scamming people. The reporting party said the seller then blocked his fake account.

I caution you to agree upon a place to meet and conduct the transaction at the same time. I recommend utilizing the City’s “Internet Safe Sale and Exchange Zone” in the visitor parking lot at City Hall at 333-90th Street.

Nextdoor.com

Nextdoor.com is a free private social networking website for your neighborhood. This private network ensures that only those who live in your neighborhood can join; users must go through a verification process. Neighbors ask each other for business recommendations; help in locating missing pets; discuss relevant local government issues; or connect for other reasons. It is very easy to sign up, and I like the fact that the site verifies users by addresses, and it won't allow people to access to a neighborhood if they don't actually live there. Please note: The City of Daly City and/or the Police Department cannot see what residents post—we are only allowed to post information. There is also a mobile application, or you can have it sent to your e-mail. Give it a try! www.nextdoor.com
