Scams/Other

FBI Scam

This is very similar to the “Social Security” scam. A 49-year old Daly City reported this past week that someone called her from the “FBI” and said someone was using her social security number to commit illegal crimes and purchase cocaine. The caller told the victim in order to resolve the matter, the suspect advised her to go to Safeway and purchase three Target gift cards. Once purchased, the caller asked for the security code numbers on the back of the cards. The victim lost \$1,500.00.

Please share this story with your friends, neighbors and co-workers about the new twist in the same scam.

Nextdoor.com

Nextdoor.com is a free private social networking website for your neighborhood. This private network ensures that only those who live in your neighborhood can join; users must go through a verification process. Neighbors ask each other for business recommendations; help in locating missing pets; discuss relevant local government issues; or connect for other reasons. It is very easy to sign up. I like the fact that the site verifies users by addresses, and it won’t allow people to access to a neighborhood if they don’t live there. Please note: The City of Daly City and/or the Police Department cannot see what residents post—we are only allowed to post information. There is also a mobile application, or you can have it sent to your e-mail. Give it a try! www.nextdoor.com
