This bulletin contains **four weeks of information because the entire city-wide computer network was down for almost three weeks. We are still working diligently to enter reports into the computer, and this bulletin may not contain all the events. Next week’s bulletin will contain the next two weeks of information, and I should be back on schedule after that.

When I mention “the unit block” of a street, this means the incident occurred at an address anywhere between 1 and 99 of the street.

Scams/Other

COVID-19 Vaccine

It has been brought to our attention that people are claiming to be from the CDC (Center for Diseases Control and Prevention), offering to let people “reserve a vaccine for the COVID-19) with a credit card and/or social security number. There is no vaccine reserve program, and the CDC is not offering anything of the sort.

COVID-19 FAQ's

The best way to protect yourself against this virus to not be exposed in the first place. As you probably all know, please keep the 6-foot distance, follow the shelter-at-home directive, wash your hands, etc. For a comprehensive FAQ list, I like the list the County of San Mateo has published. Visit: <https://www.smcgov.org/shelter-place-faqs>.

Nextdoor.com

Nextdoor.com is a free private social networking website for your neighborhood. This private network ensures that only those who live in your neighborhood can join; users must go through a verification process. Neighbors ask each other for business recommendations; help in locating missing pets; discuss relevant local government issues; or connect for other reasons. It is very easy to sign up. I like the fact that the site verifies users by addresses, and it won't allow people to access to a neighborhood if they don't live there. Please note: The City of Daly City and/or the Police Department cannot see what residents post—we are only allowed to post information. There is also a mobile application, or you can have it sent to your e-mail. Give it a try! www.nextdoor.com
