Scams/Other

“Bailout” Telephone Scam

On Thursday, 06-11-20 at 11:00 a.m., a 77-year old Daly City resident received a telephone call from a man identifying himself as “Mr. Fisher”, who said he was a defense attorney. “Mr. Fisher” told the reporting party/victim that his son had been arrested with her son. The caller told the victim that both sons were inside of an Uber ride share vehicle when a police officer stopped the driver for speeding. “Mr. Fisher” told the victim that the officer noticed there was a “handgun” and “drugs” in the rear floorboard of the area. “Mr. Fisher” told the victim that both sons were arrested in San Ramon, which is where the victim’s son works. “Mr. Fisher” told the victim that if she would like her son to be bailed out, she would have to provide a \$24,000 wire transfer to a bank account. A male subject got on the phone and identified himself as the son and said he needed his mother to wire transfer the money immediately and to not tell his father or his wife. “Mr. Fisher” got back on the line and provided the victim with information of where to transfer the wire. The victim went to her bank an hour later, transferred the money to the account and called “Mr. Fisher” to inform him the transfer was complete. The following day, the victim received another call from “Mr. Fisher” who said the police found a second firearm and more narcotics, and she needed to post a second bond for \$15,000. The victim went back to her bank and completed another transfer. That evening, the victim’s son called his parents to check on them, and the victim asked her son if he received the bail money. The son informed his mother he had not been arrested and that she was the victim of a scam.

This scam is unlike typical scams where callers ask for payment in gift cards. Please relay this story to your friends and family. These callers are so convincing. This is a big loss for the victim.

Nextdoor.com is a free private social networking website for your neighborhood. This private network ensures that only those who live in your neighborhood can join; users must go through a verification process. Neighbors ask each other for business recommendations; help in locating missing pets; discuss relevant local government issues; or connect for other reasons. It is very easy to sign up. I like the fact that the site verifies users by addresses, and it won't allow people to access to a neighborhood if they don't live there. Please note: The City of Daly City and/or the Police Department cannot see what residents post—we are only allowed to post information. There is also a mobile application, or you can have it sent to your e-mail. Give it a try! www.nextdoor.com
