Amazon Package Scam

On Wednesday, 07-01-20 at 10:30 a.m., Officer Hepler took a report from a 54-year old Daly City resident regarding a theft by false pretenses. The victim told the officer that she has received several packages over the last few weeks left in front of her door or in the lobby of her apartment building on the 300 block of **Half Moon Lane**. The victim said she contacted what she believed to be an Amazon support line that she located on Google. The victim told the officer that she explained to several different people that she was receiving packages and did not order them. She was told that ultimately her Amazon account had been hacked by unknown suspects, and in order to relieve the debt and fix the problems with Amazon, she would need to purchase \$6,000 in gift cards, which she did. She told the officer she went to the nearby CVS pharmacy and purchased approximately a dozen gift cards and later called back and spoke someone who told to scratch off the access codes and provide them to him. The victim later figured out that she had been victim of a scam.
