When I mention “the unit block” of a street, this means the incident occurred at an address anywhere between 1 and 99 of the street.

Notable Cases

On Thursday, 03-23-17 at approximately 6:05 a.m., an unknown suspect set fire via a “Molotov cocktail” to a 2010 Mercedes GLK350 that was parked on the unit block of **Risel Avenue**. This investigation is continuing.

On Thursday, 03-23-17 at 7:22 p.m., following a traffic stop of a vehicle at **Winchester Street** and **Acton Street**, the passenger, a 54-year old Daly City resident, was arrested for an outstanding felony warrant and for possession of a controlled substance (methamphetamine) for sales. Our K-9 “Utah” assisted in a search of the vehicle and found a large amount of suspected methamphetamine in a bag in the passenger area.

On Friday, 03-24-17 at 9:45 a.m., Officer Chittenden and Officer Clinkscales were on patrol and saw a subject panhandling in front of the 7-Eleven store on **Gellert Boulevard**. When the officers were speaking with the subject, they realized that the subject may be under the influence of a controlled substance. Officer Clinkscales asked the subject if he had used drugs recently, and the subject admitted to using cocaine a couple of hours prior. The officer asked the subject if he still had any cocaine in his possession, and the subject said he had one bag in his jacket pocket. The officer cited the subject, a 21-year old Daly City resident, for being possession of a controlled substance.

On Friday, 03-24-17 at 1:31 p.m., following an occupied vehicle check by Officer Chittenden in the area of **Crocker Avenue** and **Rampart Way**, a 36-year old transient subject was arrested for possession of a loaded firearm in public, possession of a concealed firearm in a vehicle, and for possession of metal knuckles.

On Saturday, 03-25-17 at 10:00 a.m., a 65-year old Daly City resident reported he found an online ad for making money at home by re-shipping packages. The reporting party inquired about the job and was in contact via e-mail with an unknown person using an e-mail account that appeared to be from Europe. That person informed the reporting party that he would be paid up to \$50 to pick up a package from UPS and deliver it to another address in Mountain View. The reporting party was told that the

person who was supposed to pick up the item had to work and could not pick it up during the specified hours. The reporting party accepted the job and was instructed to provide a copy of his driver's license, which he did. He then received a typed letter authorizing him to pick up the package for a named subject. The reporting party picked up the package the following day and drove to the agreed upon address and attempted to deliver it to the resident. The resident met him at the front door, and the resident said he had not ordered anything through the mail and did not want the package. The reporting party returned home with the package and did not open it. Seeing that there were several forwarding addresses on the package, the reporting party researched mail scams online and believed he was meant to be met at the designated address by a third party who was to intercept the package but did not arrive on time. The reporting party said he then received continuous calls from a Google Voice phone number asking him to bring the package to a new destination. He told the caller he had called the police, and the calls stopped. The officer opened the package at the station and found it contained an Apple MacBook Pro laptop.

On Saturday, 03-25-17 at 9:09 p.m., Officer Murillo and Officer Soyangco were patrolling the area of **Serramonte Shopping Center** due to the recent auto burglaries there and stopped a vehicle for a mechanical violation. The officers asked the driver if he was on probation or parole, and the subject said he was on active probation for armed robbery. The officers asked the subject if he had anything illegal in his vehicle, and the subject said, "Just weed." The subject gave consent for the officers to search the vehicle, and the officers found a bag and a backpack in the trunk. Inside the bag was a laptop, and inside the backpack was a case which contained a bible, as well as a loaded Smith & Wesson revolver. While on the scene, a male subject, along with various family members of the driver, approached the officers, and the male spontaneously said the firearm in the trunk belonged to him. Officers brought all three subjects back to the station for questioning. The driver, a 23-year old Oakland resident, was subsequently arrested for carrying a loaded firearm not registered, carrying a loaded firearm: prohibited, carrying a loaded firearm in a public place and for possession of a controlled substance. The passenger was released, and the third subject, a 24-year old Vallejo resident, was arrested for carrying a concealed weapon inn a vehicle, concealed firearm-prior felony, carrying a loaded firearm in a public place, carrying a loaded firearm with a prior felony, having an unregistered loaded firearm and for carrying a loaded firearm: prohibited.

On Sunday, 03-26-17 at 8:24 p.m., Officer Ortiz and Officer Ortega were dispatched to the parking lot at the Walgreen's store on **Mission Street** on a report of a subject masturbating in his vehicle. When the officers arrived, they saw a male subject slouched over with his pants and underwear down to his mid-thigh. The officers observed that the subject could not keep still, was clenching his jaw and rocking his body back and forth. This behavior, coupled with the subject's mouth being dry, signaled to the officers that the subject may be under the influence of a controlled substance. Officer Ortega asked the subject if he had any drugs and if he could search his car. The subject gave consent, and the officer found two small zip lock baggies containing a white substance that he believed to be cocaine and powdered heroin. He also found a cigarette box containing a glass pipe commonly used to smoke methamphetamine. Because the subject admitted to using heroin earlier in the day, the officers conducted several field sobriety tests to determine whether or not he was under the influence. After failing the tests, the subject, a 29-year old Burlingame resident, was arrested for possession of a controlled substance, possession of a controlled narcotic, possession of unlawful paraphernalia, and for being under the influence of a controlled substance.

Scams/Other

Bank “Phishing” Scam

This has been around quite some time, and I shared this with you a couple of months ago when I received one of these in my personal e-mail. Another reader sent me what she received (from a different bank), so I thought it would merit repeating. In this scam, the scammers send an e-mail, posing as the person’s bank, and requests the customer to navigate to a website and enter in the customer’s banking information, essentially giving the scammer access to the account(s). The e-mail came from an address NOT from Chase Bank. I highlighted the areas for you to see, and the e-mail looked like this:

Courier Scam

One of our Daly City residents reported receiving an email from someone soliciting the resident to earn money as a courier. Our resident responded, and the person, "George Whiteside" sent the resident an e-mail saying the resident would be receiving a delivery with a check for \$2,975 and to follow the instructions. The resident received an envelope via USPS, and the envelope contained instructions on what she was to purchase, where to mail it, and that her "pay" would be \$300.00 for the one assignment. The resident did not feel it was legitimate and brought the entire envelope to the USPS Inspector who will be handling it. Please do not fall prey to scams. I can only imagine that the instructions were for the person to cash the check which would somehow wreak havoc to the innocent party's bank account.

I.R.S. Tax Scam

Since tax season is in full swing, I just wanted to advise you that scam artists are currently attempting to scam innocent people out of their money. These scam artists call unsuspecting people and identify themselves as representatives from the I.R.S. Typically, they tell the victims that they owe money for prior tax years and must pay immediately or risk being arrested. The callers are convincing, and they prey upon people's vulnerabilities, and oftentimes they are successful. They instruct the victims to obtain pre-loaded cards from convenience stores, and then request the victim to give the codes from the card to make the payment. I just want to remind you that the I.R.S. will NEVER demand payment without first sending a notification via mail. Furthermore, they would NEVER demand payment in the form of a pre-loaded debit card. If you are in doubt, please visit the I.R.S. website at <https://www.irs.gov/> for information. I will leave this posting up for at least the next month. Please share this information with your friends, family and co-workers. I hope this season that no one falls prey to these scammers.

Medication Disposal Kiosk at City Hall

The City of Daly City has partnered with MED-Project (<http://www.med-project.org/>) to offer a free, safe, and convenient location for residents to dispose of unwanted or expired medication from households by way of the San Mateo County Safe Medicine Disposal Ordinance. San Mateo County entered an agreement with MED-Project LLC to provide kiosks throughout the County for disposal of household pharmaceutical products.

A Med-Project secured kiosk is now located outside the Daly City Police Department in the City Hall rotunda at 333-90th Street. Drop-offs can be made in the lobby during regular business hours (M-F: 8:00 am to 6:00 pm, Saturday: 8:00 am to 12:00 pm). The MED-Project is in the process of updating kiosk locations in San Mateo County on their website.

The kiosk accepts medications in any dosage form in their original container or sealed bag. No herbal remedies, vitamins, supplements, cosmetics or other personal care products; compressed cylinders, aerosols, and inhalers; medical devices; sharps; illicit drugs; or iodine-containing medications will be accepted.

MED-Project is a pharmaceutical product stewardship organization that is financed by the pharmaceutical producers operating in several jurisdictions. The mission of MED-Project is to implement an accessible, convenient, and comprehensive program for the collection of household generated pharmaceutical waste.

Nextdoor.com

Nextdoor.com is a free private social networking website for your neighborhood. This private network ensures that only those who live in your neighborhood can join; users must go through a verification process. Neighbors ask each other for business recommendations; help in locating missing pets; discuss relevant local government issues; or connect for other reasons. It is very easy to sign up, and I like the fact that the site verifies users by addresses, and it won't allow people to access to a neighborhood if they don't actually live there. Please note: the City of Daly City and/or the Police Department cannot see what residents post—we are only allowed to post information. There is also a mobile application, or you can have it sent to your e-mail. Give it a try! www.nextdoor.com
