Scams/Other

iPhone Support Scam

On Wednesday, 06-20-18, a 53-year old Daly City resident came to the station to report a phone scam. The victim said he recently purchased a new Apple iPhone and was having difficulty purchasing applications on his phone due to his iTunes account no longer being linked to his PayPal account. The victim said he searched on his computer for a phone number for Apple and dialed a number and spoke with who he believed to be an Apple representative. The representative, "Adam", said he could assist him by accessing his account. The representative told the victim he needed to purchase a \$100 gift card and to call him back with the serial number. The victim felt it was suspicious but did it anyway. He gave the serial number to Adam and the problem with his accounts not linking was not resolved. The officer checked the phone number the victim called, and it was not associated with a name, address or telephone carrier.

Sweepstakes Scam

On Monday, 06-18-16, at 10:00 a.m., an 86-year old Daly City resident said she received a phone call from a man who identified himself as "John Edwards" from the Publisher's Clearinghouse who told her she won 3.5 million dollars. "Mr. Edwards" told her all she had to do was give him \$995.00 as a registration fee, and he would come pick it up from her house. "Mr. Edwards" asked the reporting party for her cell phone number, and she gave it to him. They then spoke via cell phone, and "Mr. Edwards" told the reporting party to call when she got home with the money. The reporting party was unsure if she already gave "Mr. Edwards" her address and became suspicious. She still went to her bank and spoke with her banker who informed her that this was indeed a scam. The reporting party never withdrew the money and returned home. When she returned home, she had seven missed calls from the subject. The reporting party was concerned that "Mr. Edwards" would show up at her home. The officer advised her it was most likely a scam. Thank goodness she did not comply, as the initial amount of \$995.00 was elevated to \$3,500.00.

Community Events/Information

Fourth of July

To celebrate this holiday as safely as possible, the Daly City Police Department reminds you that fireworks are illegal in Daly City. This includes the “safe and sane” types that are sold in nearby cities. On the days leading up to each 4th of July, as well as the actual day and after, fireworks are one of the biggest causes of fires and injuries throughout the United States. Let’s keep our City safe and free from any potential disasters—the potential for fires is enormous.

Our personnel will be on heightened patrol looking for people using fireworks. People in possession of or using any fireworks will be subject to a citation/arrest by an officer. This includes fireworks that are purchased from another city. People who choose to shoot guns into the air will be booked into the San Mateo County Jail.

In California, it is a misdemeanor to possess illegal fireworks. This could be punishable by a fine of not less than \$500, and no more than \$1,000 or by imprisonment in a county jail for up to one year. The Daly City Police Department takes this very seriously. In addition, parents may be held liable for any damages or injuries caused by their children’s use of illegal fireworks.

When reporting illegal fireworks, please use the police business line (650-991-8119). Tying up 911 lines for non-emergencies, especially with the volume of calls on July 4th, places lives in danger. Please act responsibly and plan ahead.

Nextdoor.com

Nextdoor.com is a free private social networking website for your neighborhood. This private network ensures that only those who live in your neighborhood can join; users must go through a verification process. Neighbors ask each other for business recommendations; help in locating missing pets; discuss relevant local government issues; or connect for other reasons. It is very easy to sign up, and I like the fact that the site verifies users by addresses, and it won’t allow people to access to a neighborhood if they don’t actually live there. Please note: the City of Daly City and/or the Police Department cannot see what residents post—we are only allowed to post information. There is also a mobile application, or you can have it sent to your e-mail. Give it a try! www.nextdoor.com
