### **San Mateo County Alert System (SMC)**

Have you signed up to receive these alerts? This alert is a free digital communication system used by emergency management agencies and first responders to send emergency alerts, notifications, and updates to portable digital devices. In an emergency situation, an alert will be sent by San Mateo County authorized personnel, and you will receive messages on your cell phone or mobile device. Most carriers activate the service automatically. To receive emergency alerts, sign up by visiting [www.smcalert.info](http://www.smcalert.info).

### **Nextdoor.com**

Nextdoor.com is a free private social networking website for your neighborhood. This private network ensures that only those who live in your neighborhood can join; users must go through a verification process. Neighbors ask each other for business recommendations; help in locating missing pets; discuss relevant local government issues; or connect for other reasons. It is very easy to sign up. I like the fact that the site verifies users by addresses, and it won't allow people to access a neighborhood if they don't live there. Please note: The City of Daly City and/or the Police Department cannot see what residents post—we are only allowed to

post information. There is also a mobile application, or you can have it sent to your e-mail. Give it a try!
