CONSTRUCTION TO BEGIN

WHEN

December 2024 - April 2025

WHERE

75 Margate St.

The Margate Well construction project was scheduled to begin October 2024.

Unfortunately the project was delayed, and the project is now underway as of **December 16th**. Drilling will continue 24-hr/day through January 2025. A sound wall has also been constructed around the drill site to help mitigate noise pollution.

The Department of Water and Wastewater Resources is committed to minimizing disruptions to you and your neighbors.

We ask for your continued cooperation during the project's construction period.

For more information, contact Greg Krauss, Chief of Operations at (650) 991-8204

Thank you.
