

CITY OF DALY CITY

Department of Water and Wastewater Resource
153 Lake Merced Blvd.
Daly City, CA 94015
(650) 991-8200

CURRENT PROJECT

New Margate Well Construction, Development and Testing

- Located at 75 Margate Street
- Scheduled to begin March 2023, lasting 6 – 8 weeks
- New potential ground water resource
- Over next several weeks a well will be drilled and installed for the purpose of water quality testing
- During drilling process a sound barrier will be utilized to mitigate construction noise
- Excavation and installation of additional concrete support around the reservoir.
- Funded by the American Rescue Plan Act (ARPA)

FUTURE PROJECT

Reservoir 5B Seismic Upgrade

- Located at 75 Margate Street
- Scheduled for 2024, lasting approximately nine months
- A seismic upgrade to city's largest water storage tank.
- Reservoir 5B is a 10 million gallon potable water reservoir
- Currently in the design phase
- Involve additional reinforcement to edges of reservoir lid
- Excavation and installation of additional concrete support around the reservoir.

RESOURCES

Project Manager: Greg Krauss, gkrauss@dalycity.org

Plan Specifications:
