

RESOLUTION NO. 25-SD-04

A RESOLUTION OF THE BOARD OF DIRECTORS OF THE NORTH SAN MATEO
COUNTY SANITATION DISTRICT APPROVING AND RECERTIFYING UPDATES
TO THE SEWER SYSTEM MANAGEMENT PLAN

1. Staff recommends that the District Board approve and recertify the recommended updates to its Sewer System Management Plan (SSMP). The regulations are mandated by the California State Water Resources Control Board and require local legislative review and recertification every 6 years.

2. The SSMP has been the District's guiding document for operating and maintaining the sewer collection system since its inception. The regulations require each agency to obtain their governing board's approval of the updated SSMP and recertify the document.

3. The update includes three primary revisions:

- Compliance to the new and revised 2022 WDR
- Update Element 8 regarding the Sewer Master Plan and current CIP
- Address findings from the 2024 SSMP audit report

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the North San Mateo San Mateo County Sanitation District that it does hereby approve and recertify the recommended updates to its Sewer System Management Plan.

I hereby certify the foregoing resolution was duly and regularly passed and adopted by the Board of Directors of the North San Mateo County Sanitation District, San Mateo County, California, at a regular meeting thereof held on the 14th day of April, 2025, by the following vote:

AYES, and in favor thereof, DiGiovanni, Manalo, Proaño, Sylvester, Daus-Magbual

NOES, _____

ABSENT, _____

SECRETARY, NORTH SAN MATEO COUNTY
SANITATION DISTRICT
