## Scams/Other

### PG&E Scam

I have mentioned this scam in the past, and it is once again occurring. On 12-28-20, a 69-year old Daly City resident received a phone call from a male who said his PG&E bill was overdue, and they would cut off his power if he did not pay for his bill. The victim said after their initial conversation, he was transferred to a female who said she was the manager. The victim believed the subjects were from PG&E, and he offered to go pay at the Burlingame location. The subjects said they needed to be immediately paid and told them to purchase a \$400 Money Pak card. The victim purchased the card and contacted the subjects. The victim said another subject called later and said the female didn't have the authority to "compromise the amount he owed" and advised he owed \$5,000. The victim became suspicious and called PG&E who advised him he did not have an overdue bill.

## Community Events/Information

### COVID-19 Information

San Mateo County is now under a "Regional Stay at Home Order" as virus cases and hospitalizations rise. The rules will remain in effect for at least three weeks. Our City's website has a comprehensive listing of a myriad of resources that can be beneficial to you during this time. It is on the front page of the website, and I recommend you visit it for information. The website is: [www.dalycity.org](http://www.dalycity.org)

### San Mateo County Alert System (SMC)

Have you signed up to receive these alerts? This alert is a free digital communication system used by emergency management agencies and first responders to send emergency alerts, notifications and updates to portable digital devices. In an emergency situation, an alert will be sent by San Mateo County authorized personnel and you will receive messages on your cell phone or mobile device. Most carriers activate the service automatically. To receive emergency alerts, sign up by visiting [www.smcalert.info](http://www.smcalert.info). According to County records, Daly City has the lowest number of registered users in the county. Please sign up today!

### Nextdoor.com

Nextdoor.com is a free private social networking website for your neighborhood. This private network ensures that only those who live in your neighborhood can join; users must go through a verification process. Neighbors ask each other for business recommendations; help in locating missing pets; discuss relevant local government issues; or connect for other reasons. It is very easy to sign up. I like the fact that the site verifies users by addresses, and it won't allow people to access to a neighborhood if they don't live there. Please note: The City of Daly City and/or the Police Department cannot see what residents post—we are only allowed to post information. There is also a mobile application, or you can have it sent to your e-mail. Give it a try! [www.nextdoor.com](http://www.nextdoor.com)
