T-Mobile/Bitcoin Scam

On 01-14-21 at approximately 11:45 a.m., a 48-year old Daly City resident reported he received a text message on his cellphone that morning saying there were attempts to change his password to his T-Mobile account. The victim did not trust the text and called what he believed was the T-Mobile phone number. The victim said he was told there were attempts to change his password and code to his account, and that T-Mobile was able to freeze his account. The victim said T-Mobile sent him a new passcode to an old email address he uses for a Bitcoin account that he has had for some time. The victim believes this email account possibly may have been hacked. The victim said he started the account approximately two years ago at \$5,000, and it has grown interest to approximately \$27,000. The victim said a short time later, he received a call from a blocked number who said they worked with an accounting firm called "Ledger" that dealt with his Bitcoin account who told him his Bitcoin account had been hacked. The caller requested the victim's passcode and anonymous account identification numbers, and the victim gave them to him. The victim then believed he was the victim of hackers and hung up the phone. The victim checked his Bitcoin account and saw that all of his funds were deleted.

COVID-19 Information

San Mateo County is now under a "Regional Stay at Home Order" as virus cases and hospitalizations rise. The rules will remain in effect for at least three weeks. Our City's website has a comprehensive listing of a myriad of resources that can be beneficial to you during this time. It is on the front page of the website, and I recommend you visit it for information. The website is: www.dalycity.org

Nextdoor.com

Nextdoor.com is a free private social networking website for your neighborhood. This private network ensures that only those who live in your neighborhood can join; users must go through a verification process. Neighbors ask each other for business recommendations; help in locating missing pets; discuss relevant local government issues; or connect for other reasons. It is very easy to sign up. I like the fact that the site verifies users by addresses, and it won't allow people to access to a neighborhood if they don't live there. Please note: The City of Daly City and/or the Police Department cannot see what residents post—we are only allowed to post information. There is also a mobile application, or you can have it sent to your e-mail. Give it a try! www.nextdoor.com
