Notable Cases

On Tuesday, 07-06-21 at approximately 5:05 a.m., several officers were dispatched to a residence on the 200 block of **Alta Vista Way** on a report of a just-occurred armed home invasion. One of the residents, a 59-year old male, said he was woken up by his dog barking loud in the backyard. The victim walked down the hallway towards the back door when he began hearing loud banging at the front door. The victim woke up his wife, and they ran to his room to hide. As they were hiding in the room, they heard multiple voices inside their house and eventually heard loud banging at the bedroom door. The men on the other side of the door kicked open the door and entered the room. The victim said all three males were each armed with a handgun. The victim said the first subject pointed his gun at him and said, “Do you want to die?” The victim said he pled not to be hurt, and the suspect took both him and his 60-year old wife at gunpoint to the garage area. The first subject held both victims there while the other two subjects went through the house looking for items to steal. The two subjects returned and wanted the first suspect to bring the residents back upstairs and tell them where they hid their money. The victim told the suspect where he hid his money and told the suspects that his son should be coming home soon—so that the subjects would leave the residence. The victims described the first suspect as a Hispanic male in his 20's-30's, approximately 6'2", slender build, with a mask covering his head, gray sweatshirt, gray sweatpants, and black gloves. The second suspect was described as a light skinned black male in his 20's-30's, approximately 6'2", 230 lbs., wearing a black face mask, black sweatshirt, black pants, and black gloves. The third suspect was described as a light skinned black male in his 20's-30's, slender build, wearing a black mask, black sweatshirt, black pants, and black gloves. In addition to stealing the money, the suspect stole jewelry, an iPhone, an iPad, and a passport. This investigation is continuing.

The victim then noticed the downstairs bathroom window was wide open, and the screen missing. The victim saw her daughter's clothes on the floor and called her to ask her why. This private network ensures that only those who live in your neighborhood can join; users must go through a verification process. Neighbors ask each other for business recommendations; help in locating missing pets; discuss relevant local government issues; or connect for other reasons. It is very easy to sign up. I like the fact that the site verifies users by addresses, and it won't allow people to access to a neighborhood if they don't live there. Please note: The City of Daly City and/or the Police Department cannot see what residents post—we are only allowed to post information. There is also a mobile application, or you can have it sent to your e-mail. Give it a try! www.nextdoor.com
