

# DALY CITY COMMUNITY SERVICE CENTER

Working together to enrich the lives in our community

## WHO ARE WE?

Daly City Community Service Center is one of 8 core San Mateo County agencies that addresses homelessness and provides safety-net services for those in our community needing temporary assistance.

Caring case workers assess each individual's situation and connect residents to emergency shelter, food, clothing, diapers, home goods, and urgent utility and housing assistance programs.

Our goal is to help our clients gain stable housing and self-sufficiency. Annually 3,800+ households and 9,800 individuals are served at Daly City Community Service Center.

## OUR SERVICES
