

Waste Management Plan

Updated 10/17/22

A C&D Waste Management Plan (WMP) is required for all covered projects exceeding \$30,000 in value to demonstrate maximum reuse and/or recycling of debris and other waste generated during demolition, new construction, roofing, landscape, and other construction projects. The applicant is responsible for ensuring Daly City's recycling requirements are met for all waste generated on site, including waste generated by contractors and subcontractors.

The WMP must be completed, submitted for review and approved, prior to permit issuance. Separate WMPs must be completed for demolition and construction at the same site if separate permits are required.

Note: Republic Services is the only approved provider of debris bins and hauling service is Daly City.

Submit the completed form to: buildingdivision@dalycity.org.

Project Information	
Permit Number:	Date:
Project Address:	
Project Description:	

Recycling C&D Debris, Salvage, and Reuse		
Is this permit for demolition?		
<input type="checkbox"/> Yes		<input type="checkbox"/> No
Will you be using a hauling company or debris box company?		Hauling or debris box company name:
<input type="checkbox"/> Yes		<input type="checkbox"/> No
Will you be using a salvage company?		
<input type="checkbox"/> Yes		<input type="checkbox"/> No
What materials will be saved for use elsewhere?		
What materials will be reused on site and how?		

Recycling C&D Debris			
Mark all materials that will be generated from the project and the facility it will be taken to for recycling.			
	Material		Name of Reuse, Recycling, or Disposal Facility
Mixed C&D			One compliance option is to take all loads of mixed C&D to an approved sorting facility where recyclables are sorted from a load of mixed waste.
Inerts	Asphalt		
	Bricks		
	Concrete		
	Dirt		
	Other inert solids		
Other	Cardboard		
	Metals		
	Wood		

	Roofing		
	Carpet		
	Drywall		
	Green Waste		

Documentation Author Certification

I understand I am required by the City of Daly City Municipal Code Section 15.64 to salvage, reuse, or recycle a portion of all construction and demolition debris. This C&D Waste management Plan (WMP) demonstrates how I will satisfy these requirements. I agree to comply with the C&D Waste Management Plan as submitted and am the property owner or authorized agent of this project.

Additional Information

A list of approved recycling service providers is available at the Building Division counter and online at <https://www.smcsustainability.org/waste-reduction/> (a program of San Mateo County). For more information on salvage and reuse options, contact the SMC Office of Sustainability at 1-888-442-2666.. For further information on Daly City's C&D Program, contact the Building Division at buildingdivision@dalycity.org .

Receipts for salvage, recycling, and disposal must be submitted upon completion of project to initiate deposit refund process. The C&D Refund Request form, with accompanying receipts, **must be received within 180 days of final inspection approval**.

The C&D Refund Request Form is available from the Building Division counter or online at <https://www.dalycity.org/>. A copy of the request form can be downloaded [here](#). Completed requests are also accepted via mail or fax.

Please note: refunds are issued to the permit applicant unless otherwise directed on the C&D Refund Request Form.
