After receiving consent to search, **Officer Reininger** found a metal container that contained a “dope kit” in the rear passenger side area. The “dope kit” had a rubber band used as a tourniquet, needles, a torch/lighter, and two baggies containing heroin. Upon arrival, the suspect, a 27-year old San Francisco resident, appeared to be under the influence. Due to the suspect's incoherent state and the outstanding knife, he was handcuffed and escorted outside for questioning. The suspect is on searchable probation. After a pat search of the suspect, a "ToughBuilt" folding knife was found in the suspect's back right pocket. The suspect had a small satchel around his neck, which contained small plastic bags with white residue in plain sight. After a full probationary search, a discarded needle, foil, cylindrical plastic tubes, and two bags, one containing methamphetamine and the other containing Xanax, were found. This private network ensures that only those who live in your neighborhood can join; users must go through a verification process. Neighbors ask each other for business recommendations; help in locating missing pets; discuss relevant local government issues; or connect for other reasons. It is very easy to sign up. I like the fact that the site verifies users by addresses, and it won't allow people to access a neighborhood if they don't live there. Please note: The City of Daly City and/or the Police Department cannot see what residents post—we are only allowed to post information. There is also a mobile application, or you can have it sent to your e-mail. Give it a try! [www.nextdoor.com](http://www.nextdoor.com)
