

Manufou Liaiga Anoa'i  
Daly City Council Candidate Statement 2022

Nothing in this moment is more important for Daly City than someone who understands that governing is about centering healthy families, creating safe and inclusive spaces, fighting for great schools and holding governing bodies accountable. I care deeply about our community and have worked hard to serve the people in various roles.

This is why I am running for a seat on Daly City Council to effect positive change. For the past seven years, I have served as a Board Trustee on the Jefferson Elementary School District Governing Board where I have recalibrated local policy making. Prior to this, my advocacy voice was loud and clear as a former Mayoral Liaison to the City and County of San Francisco's District 11.

After 30 years of living in Daly City, I call this city my village where I have raised my six children. The people of Daly City are strong and wise and together we will bring the results we need.

Here are some of the priorities I have supported to earn your vote: Daly City Wellness, Affordable Housing, Youth Development & Community Elders, Safe, Healthy & Thriving Neighborhoods, Climate Change.

These are a few leaders and organizations who believe in me: Supervisor David Canepa, AFT 3267, State Superintendent of Public Instruction Tony Thurmond, Councilmember Juslyn Manalo, JUHSD Board Trustee Kalimah Salahuddin, SMCOE Superintendent Nancy Magee & Senator Scott Weiner

I hope you can believe in me too.
