

Cheryll Catuar
Healthcare advocate/Veteran

As a long time health care advocate and Army veteran, I have the experience, and proven dedication to lead as we recover from a worldwide health and economic crisis.

Daly City has been very good to me. Help and resources provided by our community helped me overcome life's challenges. It is with a grateful heart that I commit to serve you as your next councilwoman.

Representation matters, not only in the color of our skin but also through our diverse life experiences. I am an immigrant, a regular working-class American with the same hopes and dreams like you. I will bring a different perspective and I will be your voice in the council.

With all of us struggling to rebuild our lives, and Daly City's budget in deficit, I will find creative ways to increase revenue instead of raising fees. We deserve a safe city especially for our elderly and children. I will be fair, transparent, accessible, and efficient. Change is never easy but it is possible. There is always room to improve so expect more from the people you elect. If you are ready for change, I humbly ask for your vote on November 8 because nothing worth doing can be done alone.
