ORDINANCE NO. 1454

AN ORDINANCE OF THE CITY OF DALY CITY REPEALING AND REPLACING
CHAPTER 8.64 OF THE DALY CITY MUNICIPAL CODE REGULATING THE USE OF
DISPOSABLE FOOD SERVICE WARE BY FOOD FACILITIES

The City Council of the City of Daly City, DOES ORDAIN as follows:

SECTION 1. Findings.

The City Council finds and determines that:

(a) The production, management, and consumption associated with disposable food service
ware, typically used for only a few minutes before being discarded, have significant
environmental impacts, including environmental contamination; consumption of precious
resources such as energy and water; emissions of greenhouse gases; air and water pollution;
litter on streets; and plastic pollution in waterways and oceans.

(b) Disposable food service ware constitutes a substantial portion of the litter found within
City of Daly City and the rest of the Bay Area. These types of food service ware are
commonly littered or blown out of trash receptacles and migrate through the storm drain
system where they eventually end up in the ocean and the county’s beaches and creeks.

(c) Polystyrene is a petroleum-based, lightweight plastic material commonly used as food
service ware by retail food vendors. Polystyrene, often referred to by the trademark,
Styrofoam, has also become a problematic environmental pollutant given its non-
compostable and nearly non-reusable nature.

(d) The most effective ways to reduce the negative environmental impacts of disposable food
service ware include, in order of priority, using reusable food service ware; using natural-
fiber based compostable materials, many made from renewable resources such as bamboo,
wheat stalk/stem, and sugarcane that do not contain toxic chemicals; and recycling food
service ware. When products are reused and recycled, natural resources are spared, less
energy is used for the production of new products, and premium landfill space is preserved.
When compostable products are turned into compost, they can reduce water use and lessen
the need for fertilizer at the site where the compost is applied (e.g., gardens, yards, farm
land, etc.), which can also lead to cost savings since less/no fertilizers need to be purchased.

(e) Compostable food service ware such as cups, plates, clamshell containers, and utensils are
now made from paper, sugarcane stalk, bamboo, wheat stalk/straw, and other blends of
natural plant fibers. As these products degrade, they pose less of a danger to the
environment.

(f) Even with the emergence of compostable plastics, which are derived from renewable
biomass sources such as plants and microorganisms, there are limited certified types of
compostable plastic that biodegrade in a marine environment.

(g) Certain disposable food service ware, including compostable paperboard containers, may
contain fluorinated chemicals, also known as per- and polyfluorinated alkyl substances
(PFAS), which are synthetic chemicals commonly used in disposable food service ware to
repel water and grease. Fluorinated chemicals pose a public health risk as they have been
linked to serious health effects including kidney and testicular cancer, thyroid disruption,
delayed puberty, and obesity.

(h) Plastics in waterways and oceans break down into smaller pieces, called microplastics, that
do not biodegrade and are present in most of the world’s oceans. Microplastics consumed
by marine organisms make their way into animals’ tissues and are beginning to show up in
the fish that humans consume. Plastic debris also attracts and concentrates ambient
pollutants in seawater and freshwater, which can transfer to fish and other seafood that is eventually sold for human consumption.

(i) Reduction of disposable food service ware in the environment will advance compliance with federal, state, county and city clean water mandates, including the City’s Municipal Regional Stormwater Permit requirement, by helping to reduce trash and litter in stormwater discharges.

(j) Understanding the importance of and need for reducing plastic litter, the City adopted a plastic bag ban ordinance in 2012. Adopting this Ordinance will help further reduce the amount of litter entering the city’s storm drains, creeks, the bay, and the ocean.

(k) The City Council adopted Ordinance No. 1451 on September 13, 2021, prohibiting the use of polystyrene based disposable food service ware by food vendors, with the mandatory provisions scheduled to become operative and subject to enforcement on October 1, 2022.

(l) Recognizing the hardship caused by service ware by retail food vendors. Polystyrene, often referred to by the trademark, Styrofoam, has also become a problematic environmental pollutant given its non-compostable and nearly non-reusable nature.

(m) On October 5, 2021, AB 1276 was signed into law by Governor Gavin Newsom. AB 1276 restricts the distribution of single-use foodware accessories (e.g., utensils, straws, stirrers, condiment packets, etc.) by restaurants and other food facilities.

(n) On October 5, 2021, AB 1200 was also signed into law by the Governor. AB 1200 mandates that no person shall distribute, sell, or offer for sale in the state any food packaging (including single-use foodware) that contains regulated perfluoroalkyl and polyfluoroalkyl substances (PFAS).

(o) The Ordinance includes requirements that are well aligned with many of the requirements on foodware in AB 1276 and AB 1200. However, some discrepancies exist. As such, the Ordinance must be amended to ensure alignment with requirements in both State bills.

SECTION 2. Chapter 8.64 of the Daly City Municipal Code is hereby repealed and replaced in its entirety by a new Chapter 8.64 to be numbered and entitled and to read as follows:

CHAPTER 8.64

REGULATING THE USE OF DISPOSABLE FOOD SERVICE WARE

8.64.010—Definitions.
8.64.020—Distribution of Disposable Food Service Ware Accessories.
8.64.030—Standards and Required Use of Disposable Food Service Ware.
8.64.040—Recordkeeping and Inspection.
8.64.050 - Automatic Exemptions.
8.64.060—Case-by-Case Consideration of Requests for Hardship Exemption.
8.64.070—Authorization of enforcement by San Mateo County personnel.

8.64.010—Definitions.

For purposes of this Chapter, the following terms have the following meanings:

(a) “Aluminum Foil-based” means any Disposable Food Service Ware composed entirely of aluminum, including but not limited to aluminum tray liners, aluminum foil, and aluminum foil baskets.
(b) "Compostable" means that an item or material:

1. Meets standards for compostability from a certified/approved independent third-party approved by the County Manager or designee, in collaboration with local waste processors, haulers, and/or other entities, as needed; and/or

2. Is any variation of acceptable materials that will break down or otherwise become part of usable compost in a safe and timely manner as determined by the County Manager or designee, in collaboration with local waste processors, haulers, and/or other entities, as needed; and

3. Is Natural Fiber-based. Compostable items may include those that are made entirely of Natural Fiber or Natural Fiber-based items that are coated or lined with biologically based polymer, such as, but not limited to corn or other plant sources (e.g., compostable plastics), if certified/approved by independent third parties approved by the County Manager or designee

"Compostable" does not include items made entirely/primarily of biologically based polymer (e.g., PLA, PHA, or other compostable plastic), even if labeled or certified as compostable.

(c) “Disposable” means designed to be discarded after a single or limited number of uses and not designed or manufactured for long-term multiple reuse.

(d) “Food Service Ware” means food contact products used for serving, distributing, holding, packaging, and/or transporting Prepared Food including, but not limited to plates, cups, bowls, trays, clamshell containers, boxes, utensils, straws, lids, and food contact paper (e.g., wraps, bags, tray liners, etc.). The term "Food Service Ware" includes Food Service Ware Accessories and Standard Condiment in Disposable packaging.

(e) “Food Service Ware Accessories” include different types of Food Service Ware such as straws, stirrers, cup spill plugs, cup sleeves, condiment packets, utensils, cocktail sticks/picks, toothpicks, napkins, and other similar accessory or accompanying Food Service Ware used as part of food or beverage service or packaging. Detachable lids for beverage cups and food containers are not considered a Food Service Ware Accessory.

(f) “Perfluoroalkyl and Polyfluoroalkyl substances (PFAS)” means a class of fluorinated organic chemicals containing at least one fully fluorinated carbon atom.

(g) Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS) Restrictions” mean either of the following:

1. PFAS has not been intentionally added to a product or product component.

2. The presence of PFAS in a product or product component is below 100 parts per million, as measured in total organic fluorine.

(h) “Food Facility” means an operation that stores, prepares, packages, serves, vends, or otherwise provides food to the public for human consumption, as defined by the California Health and Safety Code Section 113789 or successor. It includes both permanent and temporary food facilities. Public schools are exempt from the provisions of this Chapter.

(i) “Food Scrap Composting Method” means (1) self-hauling of food scraps to a permitted composting facility or a transfer station that accepts food scraps that will be transferred to a permitted composting facility for on-site compost processing, (2) food scrap compost collection service provided by a curbside hauler, or (3) on-site food scrap composting.

(j) “Healthcare Facilities” mean places that provide healthcare to the public. Healthcare Facilities includes, but is not limited to hospitals, clinics, outpatient care centers, nursing homes, psychiatric care centers, medical offices, hospice homes, mental health and addiction treatment centers, orthopedic and other rehabilitation centers, urgent care, birth centers, etc.
(k) “Natural Fiber/Natural Fiber-based” means a plant or animal-based, non-synthetic fiber, including but not limited to products made from paper, sugarcane, bamboo, wheat stems/stalk, hay, wood, etc.

(l) “Non-Compostable” means not meeting the definition of Compostable set forth in this Chapter.

(m) “Polystyrene-based” means and includes expanded polystyrene, which is a thermoplastic petrochemical material utilizing a styrene monomer and processed by any number of techniques including, but not limited to fusion of polymer spheres (expandable bead polystyrene), injection molding, form molding, and extrusion-blow molding (extruded foam polystyrene). The term "polystyrene" also includes polystyrene that has been expanded or blown using a gaseous blowing agent into a solid foam (expanded polystyrene [EPS]) and clear or solid polystyrene known as oriented polystyrene.

(n) “Prepackaged Food” means any properly labeled processed food, prepackaged to prevent any direct human contact with the food product upon distribution from the manufacturer and prepared at an approved source.

(o) “Prepared Food” means food or beverages that undergo a cooking or food preparation technique on the Food Facility’s premises for consumption by the public. Cooking or food preparation technique includes, but is not limited to the following:

1. Cooking methods, utilizing the application of heat, such as steaming, microwaving, simmering, boiling, broiling, grilling, frying, or roasting.
2. Beverage preparation, such as blending, brewing, steeping, juicing, diluting, or pouring.
3. Food preparation techniques, such as defrosting, rinsing, washing, diluting, cutting, portioning, mixing, blending, assembling, coating, dipping, garnishing, decorating, or icing.

Prepared Food does not include raw eggs or raw, butchered meats, fish, and/or poultry sold from a butcher case, a refrigerator case, or similar retail appliance.

(p) “Standard Condiment” means relishes, spices, sauces, confections, or seasonings that require no additional preparation and that are usually used on a food item after preparation, and includes different types such as ketchup, mustard, mayonnaise, soy sauce, hot sauce, salsa, salt, pepper, and sugar/sugar substitutes.

(q) “Takeout Food” means Prepared Food that is purchased to be consumed off a Food Facility’s premises. Takeout Food includes Prepared Food delivered by a Food Facility or by a third-party Takeout Food Delivery Service.

(r) “Takeout Food Delivery Service” is a service for online food ordering and delivery of Prepared Food from a Food Facility to a customer. This service can be provided directly by the Food Facility or by a third-party.

(s) “Utensils” include different types of instruments used to assist the consumption of food, specifically, forks, knives, spoons, sporks, chopsticks, and tongs.

8.64.020 – Distribution of Disposable Food Service Ware Accessories and Standard Condiment.

(a) Except as provided in Subsections (b) and (c), Food Facilities, for on-premise dining and off-premise dining (e.g., Takeout Food Delivery Service, catering off-site, etc.), shall not provide any Disposable Food Service Ware Accessories or Standard Condiment in Disposable packaging to a consumer unless the specific type of Disposable Food Service Ware Accessory (including different types of Utensils) or specific type of Standard Condiment is requested by the consumer.
(b) Food Facilities may ask a drive-through consumer if the consumer wants a specific type of Disposable Food Service Ware Accessory (including different types of Utensils), if the item is necessary for the consumer to consume Prepared Food or to prevent spills of or safely transport Prepared Food.

(c) Disposable Food Service Ware Accessories and Standard Condiment in Disposable packaging provided by Food Facilities for use by consumers shall not be bundled or packaged in a manner that prohibits a consumer from taking only the type of Disposable Food Service Ware Accessory (including different types of Utensils) or type of Standard Condiment desired without also having to take a different type of Disposable Food Service Ware Accessory or type of Standard Condiment. Food Facilities cannot distribute Disposable Utensils that are bundled or packaged together. Each type of Utensil (e.g., fork, spoon, knife, etc.) must be specifically requested by the consumer in order for a Food Facility to provide the item(s).

(d) Nothing in this Chapter shall prohibit a Food Facility from making unwrapped Disposable Food Service Ware Accessories available to a consumer using refillable self-service dispensers that dispense different types of Disposable Food Service Ware Accessories one item at a time to allow for Disposable Food Service Ware Accessories to be obtained.

(e) Nothing in this Chapter shall prohibit a Food Facility from making Standard Condiment available to a consumer using refillable self-service dispensers to allow for Standard Condiment to be obtained. Food Facilities that offer Standard Condiment are encouraged to use bulk dispensers for the condiments rather than condiments packaged for single-use.

(f) Takeout Food Delivery Services shall provide consumers with the option to proactively request the different types of available Disposable Food Service Ware Accessories (including different types of Utensils) and the different types of Standard Condiment from a Food Facility serving Prepared Food. The default option on the digital ordering/point-of-sale platforms of Takeout Food Delivery Services shall be that no Disposable Food Service Ware Accessories or Standard Condiment are requested.

(g) Takeout Food Delivery Services shall provide Food Facilities the ability to tailor the digital ordering/point-of-sale platforms so that Food Facilities can customize and itemize the different types of available Disposable Food Service Ware Accessories (including different types of Utensils) and the different types of available Standard Condiments for consumers to proactively select.

(h) If a Food Facility uses any Takeout Food Delivery Service, the Food Facility shall customize its menu with an itemized list and/or provide options of the different types of available Disposable Food Service Ware Accessories (including different types of Utensils) and the different types of available Standard Condiments for consumers to proactively select. Only those specific types of Disposable Food Service Ware Accessories (including different types of Utensils) or specific types of Standard Condiment proactively requested by the consumer shall be provided by the Food Facility. If a consumer does not request any Disposable Food Service Ware Accessories or Standard Condiment, no Disposable Food Service Ware Accessories or Standard Condiment shall be provided by the Food Facility for delivery of Prepared Food. Pursuant to Subsection (d), each type of Utensil (e.g., fork, spoon, knife, etc.) offered by the Food Facility shall also be listed individually, unbundled on the menu and provided by the Food Facility for delivery along with the Prepared Food only if requested by the consumer.

8.64.030 – Standards and Required Use of Disposable Food Service Ware.

(a) No Food Facility shall use Polystyrene-based Disposable Food Service Ware when providing Prepared Food.
(b) Food Facilities shall only provide Disposable straws, stirrers, utensils, and cocktail/toothpicks (and the packaging that these individual items are wrapped in, if any) that are Compostable.

(c) Nothing in this Chapter shall conflict or be construed to conflict with the Americans with Disabilities Act or any other applicable law concerning the rights of individuals with disabilities. In particular, nothing in this Chapter shall restrict, or be construed to restrict, the provision by Food Facilities of Disposable Non-Compostable straws to individuals who may request the use of Disposable Non-Compostable straws to accommodate medical needs or disabilities. Healthcare Facilities may distribute Disposable Non-Compostable straws with or without request by a patient at the discretion of the Healthcare Facility staff based on the physical or medical needs of the patient.

(d) Wherever practicable, Food Facilities shall provide Reusable Foodware in place of Disposable Foodware.

(e) Food Facilities shall use Compostable items for the below Disposable Food Service Ware when providing Prepared Food:
   1. Plates
   2. Bowls (of all sizes including, but not limited to soup and salad bowls)
   3. Cups (of all sizes including, but not limited to beverage and accessory cups for Standard Condiments)
   4. Food trays and food boats
   5. Boxes
   6. Hinged or lidded containers (e.g., clamshells), deli containers, and other containers used for the sale and/or distribution of Prepared Food

(f) Commencing on the effective date of this Chapter up until December 31, 2022, for the Compostable Disposable Food Service Ware listed in Subsection (d), Food Facilities shall use items that meet Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS) Restrictions. To verify the PFAS Restrictions, Food Facilities shall use items that are certified/approved by independent third parties approved by the County Manager or designee, in collaboration with local waste processors and haulers, as needed.

(g) For all other Disposable Food Service Ware not listed in Subsections (b) and (d), Food Facilities shall use only Disposable Food Service Ware that can be composted by the Food Scrap Composting method utilized by the Food Facility and/or accepted for recycling by the Food Facility’s recycling collection service, unless a feasible alternative does not exist.

(h) The San Mateo County Office of Sustainability shall maintain a list of approved Disposable Food Service Ware and/or references to resources that maintain regularly updated lists of products that meet the requirements detailed in Subsections (a), (b), (d), and (e) of this Section. This information shall be made public by the Office of Sustainability. If a product is not included on the approved lists, the Food Facility wishing to use a product as Disposable Food Service Ware shall establish to the City Manager or designee’s satisfaction that the product complies with the requirements detailed in Subsections (a), (b), (d), and (e).

8.64.040 – Recordkeeping and Inspection.

(a) Food Facilities shall keep complete and accurate record or documents of the purchase of the acceptable Disposable Food Service Ware evidencing compliance with this Chapter for a minimum period of three years from the date of purchase.

(b) The record shall be made available for inspection at no cost to the City/County during regular business hours by City/County employee or City/County-designated staff authorized to enforce this Chapter. Unless an alternative location or method of review is
mutually agreed upon, the records or documents shall be made available at the Food Facility address.
(c) The provision of false or incomplete information, records, or documents to the City/County shall be a violation of this Chapter.

8.64.050 – Automatic Exemptions.

(a) Prepackaged Food is exempt from the provisions of this Chapter.
(b) Polystyrene coolers and ice chests intended for reuse are exempt from the provisions of this Chapter.
(c) Disposable Food Service Ware that is entirely Aluminum Foil-based or recyclable glass is exempt from the provisions of this Chapter.
(d) If the County determines that a reasonably feasible Disposable Food Service Ware that complies with Section 8.64.040 (a), (b), (d), and (e) of this Chapter does not exist, these items will be exempt from the abovementioned provisions of this Chapter until the County determines that a reasonably feasible alternative is available on the market for purchase. The County will have a current list of these exempted Disposable Food Service Ware made public by the Office of Sustainability.
(e) Temporary exemptions due to an emergency are automatic without the submission of a request for an exemption. An emergency is defined as a sudden, unexpected occurrence posing a clear and imminent danger that requires immediate action to prevent or mitigate the loss or impairment of life, health, property, or essential public services. Examples of an emergency include, but are not limited to natural disasters, emergencies due to the release of hazardous materials, emergencies associated with loss of power and/or water, or emergency medical response.

8.64.060 – Case-by-Case Consideration of Requests for Hardship Exemption.

(a) Grounds for an exemption.
An exemption from any of the provisions of this Chapter may be granted by the City Manager or designee upon demonstration by a Food Facility to the satisfaction of the City that strict application of the requirements would cause undue hardship. An “undue hardship” includes, but is not limited to the following:
1. A situation unique to the Food Facility where a suitable alternative that conforms with the requirements detailed in Section 8.64.040 (a), (b), (d), and (e) does not exist for a specific application.
2. Imposing the provisions of this Chapter would cause significant economic hardship. “Significant economic hardship” may be based on, but not limited to, demonstrating that suitable Disposable Food Service Ware is not available at a commercially reasonable price and the additional cost associated with providing the Disposable Food Service Ware is particularly burdensome to the Food Facility based on the type of operation(s) affected, the overall size of the business/operation, the number, type and location of its facilities, the impact on the overall financial resources of the Food Facility, and other factors. Reasonable added cost for a suitable item as compared to a similar item that the Food Facility can no longer use shall not by itself constitute adequate grounds to support an exemption for such item. In determining whether a significant economic hardship has been established, the City Manager or designee shall consider the following information: ability of the Food Facility to recover the additional expense by increasing its prices; the availability of tax credits and deductions; outside funding; and other options. The City shall explore the possibility of providing financial
support to impacted food facilities to the extent it is deemed financially feasible and legally authorized.

(b) Request for an exemption. A request for an exemption from the requirements of this Chapter shall include all information deemed necessary by the City to render a decision, including but not limited to documentation showing the factual support for the requested exemption. A request for an exemption may be approved by the City Manager or designee, in whole or in part, with or without conditions. The duration of the exemption, if granted, shall also be determined by the City Manager or designee. Information about the application process for requesting an exemption will be made available to the public by the Office of Sustainability.

8.64.070 Authorization of enforcement by San Mateo County personnel.

(a) The City Manager or designee may enforce this Chapter.
(b) The County of San Mateo, its officers, employees and agents are hereby authorized to enforce this chapter on behalf of the city, within the jurisdiction areas of this city
(c) Violation of this Chapter is a public nuisance subject to all applicable civil, administrative, and criminal remedies and penalties according to the provisions and procedures contained in this ordinance code and state law including, but not limited to, an action for abatement or injunctive relief.
(d) Notwithstanding authorization of enforcement by County of San Mateo personnel in this Chapter, the violation of, or noncompliance with, any of the requirements of this Chapter or applicable provisions of this code, shall be subject to any administrative, civil, or criminal enforcement remedies available under the law and/or the City's municipal code. In addition, the City may enforce the violation of this Chapter by means of civil enforcement through a restraining order, a preliminary or permanent injunction or by any other means authorized by law.
(e) This Section shall not be interpreted to limit any otherwise available civil or administrative remedies under law.

This Ordinance is exempt from the environmental review requirements of CEQA pursuant to Section 15061 (b)(3) of Title 14 of the California Code of Regulations because it can be seen with certainty that there is no possibility that the provisions contained herein may have a significant effect on the environment. Further, the Ordinance is also exempt from the requirements of CEQA pursuant to CEQA Guidelines Sections 15307 and 15308 of Title 14 of the California Code of Regulations as actions taken by regulatory agencies to assure the maintenance, restoration, enhancement of natural resources, or protection of the environment.

SECTION 4. Severability.

If any provision, section, subsection, sentence, clause, phrase, or word of this Chapter 8.64, or any application thereof to any person or circumstance, is held to be invalid or unconstitutional by a court of competent jurisdiction, such decision shall not affect the validity of the remaining portions or applications of the Chapter. The City Council hereby declares that it would have passed this Chapter, and each provision, section, subsection, sentence, clause, phrase, and word not declared invalid or unconstitutional without regard to whether any portion of this Chapter or application thereof would be subsequently declared invalid or unconstitutional.
SECTION 5. Publication and Effective Date. Pursuant to the provisions of Government Code Section 36933, a summary of this Ordinance shall be prepared by the City Attorney. At least five (5) days prior to the Council meeting at which this Ordinance is scheduled to be adopted, the City Clerk shall (1) publish the Summary, and (2) post in the City Clerk's Office a certified copy of this Ordinance. Within fifteen (15) days after the adoption of this Ordinance, the City Clerk shall (1) publish the summary, and (2) post in the City Clerk's Office a certified copy of the full text of this Ordinance along with the names of those City Council members voting for and against this Ordinance or otherwise voting.

This Ordinance shall be effective thirty (30) days after adoption. However, the mandatory provisions of this Ordinance shall only become operative and subject to enforcement on October 1, 2022.

Introduced this 14th day of March, 2022

Passed and adopted as an Ordinance of the City of Daly City at a regular meeting of the City Council of the City of Daly City held on the 28th day of March, 2022, by the following vote:

AYES, Councilmembers: Buenaventura, DiGiovanni, Manalo, Sylvester, Daus-Magbual

NOES, Councilmembers: None

Absent, Councilmembers: None

CITY CLERK OF THE CITY OF DALY CITY

RODERICK DAUS-MAGBUAL
MAYOR OF THE CITY OF DALY CITY
AN ORDINANCE OF THE CITY OF DALY CITY REPEALING AND REPLACING CHAPTER 8.64 OF THE DALY CITY MUNICIPAL CODE REGULATING THE USE OF DISPOSABLE FOOD SERVICE WARE BY FOOD FACILITIES

1. SUMMARY

This Ordinance shall Repeal and Replace Chapter 8.64 of the Daly City Municipal Code Re: Regulating the Use of Disposable Food Service Ware by Food Facilities to align with recent legislation mandates.

The City’s proposed new regulation is modeled after the County of San Mateo. It requires Daly City food facilities to transition to non-plastic alternatives—natural fiber-based products, such as paper, sugarcane, bamboo, and wood. Reusable alternatives shall be provided in place of disposable foodware, wherever practicable. Food facilities must also regulate the distribution of compliant disposable foodware accessories.

2. CERTIFICATION AND POSTING

A certified copy of the full text of this Ordinance is located in the office of the City Clerk, City Hall 333 90th Street, Daly City, California. This ordinance was introduced by the Daly City City Council on ________March 14, 2022______ and scheduled for second reading and adoption on ________March 28, 2022______.

3. PREPARATION

This ordinance summary was prepared pursuant to Government Code Section 36933. The City Council ordered preparation of this Ordinance summary by the City Attorney.

Dated: ________March 14, 2022______

[Signature]
CITY CLERK OF THE CITY OF DALY CITY
CITY COUNCIL, CITY OF DALY CITY, STATE OF CALIFORNIA

ORDINANCE SUMMARY

AN ORDINANCE OF THE CITY OF DALY CITY REPEALING AND REPLACING
CHAPTER 8.64 OF THE DALY CITY MUNICIPAL CODE REGULATING THE USE OF
DISPOSABLE FOOD SERVICE WARE BY FOOD FACILITIES

1. SUMMARY

This Ordinance shall Repeal and Replace Chapter 8.64 of the Daly City Municipal Code
Re: Regulating the Use of Disposable Food Service Ware by Food Facilities to align with recent
legislation mandates.

The City’s proposed new regulation is modeled after the County of San Mateo, it requires
Daly City food facilities to transition to non-plastic alternatives—natural fiber-based products,
such as paper, sugarcane, bamboo, and wood. Reusable alternatives shall be provided in place of
disposable foodware, wherever practicable. Food facilities must also regulate the distribution of
compliant disposable foodware accessories

2. CERTIFICATION AND POSTING AFTER ADOPTION

This Ordinance was adopted on March 28, 2022. Within fifteen days after
adoption (1) the Summary of this Ordinance was published in a newspaper of general circulation
and circulated in the City, and (2) a certified copy of this Ordinance, with the names of those City
Council members voting for or against, or otherwise voting, was posted in my office, all in
accordance with Government Code Section 36933.

The vote was recorded as follows:

FOR: Buenaventura, DiGiovanni, Manalo, Sylvester, Daus-Magbual
AGAINST: None
ABSTAIN: None
ABSENT: None

Dated: March 28, 2022

[Signature]
CITY CLERK OF THE CITY OF DALY CITY
