

# Manufactured Housing & Opportunity Revitalization (MORE) Program

## New HCD program to assist park owners and homeowners with infrastructure and individual mobilehome repairs

If you need financial assistance to make critical health and safety repairs to your park or your home, HCD may be able to help with those costs. The MORE Program will be accepting applications for financial assistance in 2023. Some repairs the MORE may be able to assist with include:

- Park utility improvements, upgrades, and replacement (e.g., water, sewer, septic, electricity, or gas).
- Other critical health and safety repairs cited or noted by an HCD or local enforcement agency inspector.
- Individual homeowner repairs such as roof repair or replacement, aging-in-place features, energy efficiency improvements, or replacement of a mobilehome when appropriate.

Contact **[MORE@HCD.CA.GOV](mailto:MORE@HCD.CA.GOV)** for additional information about the MORE Program or to talk with a program specialist about your options.
