RE: Section 106 - 493 Eastmoor Avenue Project, Daly City, San Mateo County, California

Dear Ms. Polanco,

This is a request for your views, pursuant to Section 106 of the National Historic Preservation Act and specifically to 36 CFR 800.4 regarding the identification of historic resources. The City of Daly City is proposing to provide HOME and HOME-ARP funds, federal monies from the Department of Housing and Urban Development (HUD), for the development of 72 units of affordable housing at 493 Eastmoor Avenue in Daly City. The Core Companies is the developer of this project and, in addition to the use of the City's HOME funds, it may also receive Section 8 Project-Based Vouchers for the development. It has submitted an application to the Housing Authority of San Mateo County for the use of Section 8 Project-Based Vouchers in the development.

Enclosed is the Inventory and Evaluation Report for the Project prepared by Dudek. Based on the cultural resources records search, sacred land files search, surface survey, and Native American outreach and coordination, the report recommends a finding of *No Historic Properties Affected*. We agree with this finding and are making the determination that there are no historic properties in the Area of Potential Effects that will be adversely affected.

Please let us know as soon as possible whether you concur or do not concur with our determination. If we do not hear from you within 30 days of this letter, we will assume that you are in agreement with our determination. If you have any questions or comments, please feel free to call me at 650.991.8256. I can also be reached at lsuliguin@dalycity.org.

Thank you for your time and consideration.
