Nature of Home Occupation (describe below)

Acknowledgment of regulations (sign below):

I read these regulations and I am going to abide by them: www.dalycity.org/hopregs

I know that:

- I know that the existence of my home occupation can not be evident from outside the dwelling nor shall my home occupation create a nuisance detectable to the normal senses beyond my property lines or beyond the walls of my home.
- I cannot use my garage or an accessory building (e.g., "storage shed") to conduct my home occupation. Storage of items is permissible so long as a parking space is not occupied.
- If I have employees, they cannot report to my house for work. We will meet at the jobsite instead.
- I cannot have customers pickup up things from my house or and/or make deliveries to my house.
- I cannot use more than one vehicle to conduct my home occupation and that vehicle cannot be longer than my driveway or have a payload over three-quarters of one ton.
- I cannot have any signs installed on my home or yard that advertise my home occupation.
