

Glenn R. Sylvester

Daly City Councilmember / Incumbent

Serving as a public servant for 49 years for various communities and people, I am proud to serve the last 8 years as your elected Councilmember. The Rewards and Challenges throughout, have far exceeded expectations and continually increases my repertoire of knowledge and understanding to remain fluid and dynamic to changes.

Championing Public Safety, Affordable Housing, Minimum Wage Increases, Senior Citizens Advocacy and Maintenance of our budget have continually been at the forefront to make and keep our city a safe place to live, work and thrive.

While maintaining the above priorities, I look forward to additional areas for improvement to include, resources for Mental Health, Juvenile Programming, Climate Change and Fiduciary spending at all levels.

Strict Collaboration and Transparency with all stakeholders is the key to getting things done under the premise that our communities shall and will have a “voice”. I will Listen!!

My Motto ‘No False Promises, No Hidden Agenda, Fair and Equal Treatment for Everyone. Your City, Our City, Daly City!

I love Daly City as much as you and would appreciate your support again with your vote.
