

Juslyn Cabrera Manalo

Mayor, City of Daly City

44

As a lifelong resident of Daly City, I am fighting for the community I was raised in. Now, I am raising my two children with my husband in my hometown. I will continue to push more affordable housing, public safety, healthy initiatives, and community economic development.

My track record has shown the following:

Saved Seton Hospital to ensure it remains in our community

Reinstated Fire Engine 95 and fire personnel to protect our neighborhoods

Created more affordable housing units: Rental and Ownership

Finalized and Approved Age Friendly City Plan for Older Adults and Seniors

Supported Mental Health Crisis Response with trained Clinicians with Police

C.L.E.A.N. Daly City Initiatives for the Environment & Combatting Climate Change

Increased Youth Programs and Recreational Opportunities through City Events

I'm grateful to the support of Congressman Kevin Mullin, CA Attorney General Rob Bonta, CA State Treasurer Fiona Ma, State Senator Scott Wiener, Assemblymember Phil Ting, San Mateo Vice President David Canepa, and Former Mayor Ray Buenaventura. I am honored to receive the endorsement of the San Mateo Labor Council, Daly City Firefighters, AFSCME, Daly City POA, the National United Healthcare Workers, and Teamsters.

I humbly request for your vote to my re-election to Daly City Council 2024.
